7th International Conference on Design, Simulation, Manufacturing: The Innovation Exchange

June 4-7, 2024 | Pilsen, Czech Republic

DSMIE-2024 focuses on research challenges in the fields of **Manufacturing Engineering, Materials Engineering, and Mechanical Engineering**, addressing current and future trends in design approaches, simulation techniques, and manufacturing technologies, highlighting the growing role of smart manufacturing systems, artificial intelligence, standards-based integration, and innovations implementation to the transition to a sustainable, human-centric and resilient engineering solutions.

Full-text research papers will be published as Conference Proceedings in **Lecture Notes in Mechanical Engineering** (ISSN 2195-4356, Springer Nature), indexed by **Scopus** and submitted to **Web of Science Core Collection** databases, as well as in **partner peer-reviewed journals and special issues**.
